PROBLEM STATEMENT

In today's digital world, every student and professional needs a

personal platform to showcase their skills, achievements, and

projects. Without an online portfolio, it becomes difficult to present

talents effectively to recruiters, teachers, or collaborators. The

problem is the lack of a structured, user-friendly, and visually

appealing space for self-presentation.

PROJECT OVERVIEW

This project is a ***Personal Portfolio Website*** designed to highlight my profile, skills, academic details, and projects. It provides an organized structure where visitors can learn about me, explore my work, and contact me easily. The portfolio is simple, responsive, and designed with clear navigation to ensure accessibility across all devices.

WHO ARE THE END USERS?

Students – who can get inspiration for creating their own portfolio.

Recruiters/Teachers – who want to understand my skills and evaluate my work.

Friends & Collaborators* – who may want to connect for future projects.

General Audience* – who are curious to know about my achievements and capabilities.

TOOLS AND TECHNIQUES

Frontend:* HTML, CSS,

Design Tools: Basic image editing (for profile picture and graphics)

Hosting Platform:* GitHub Pages (to share portfolio online)

POTFOLIO DESIGN AND LAYOUT

- *Header & Navigation Bar* – Quick links to all sections.*
- *Home (Hero Section)* – A welcoming introduction.*
- *About Me* – Personal information like name, DOB, and interests.*
- *Skills* – A list of technical skills (HTML, Python, etc.).*
- *Projects* – Showcase of past works and academic projects.*
- *Contact Me* – Email, phone, and a form to send messages.*
- *Footer* – Links to GitHub and other contact details.

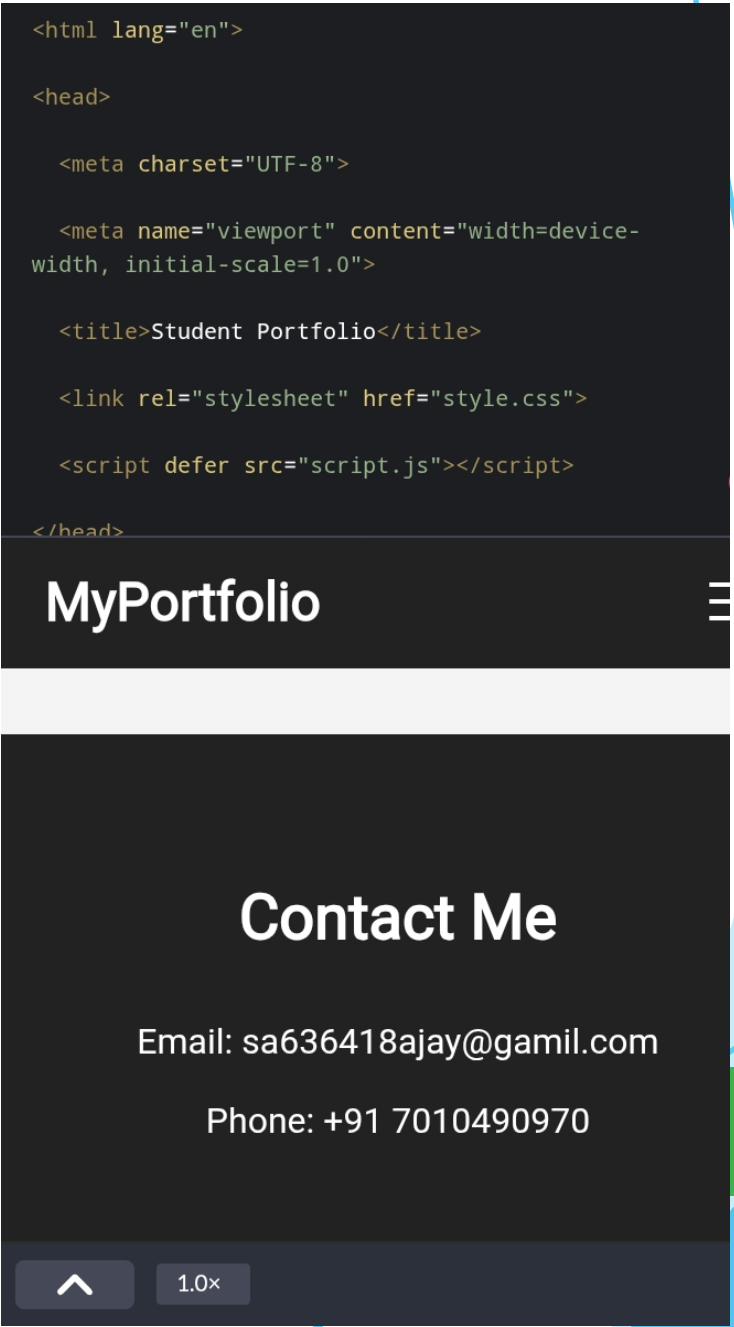

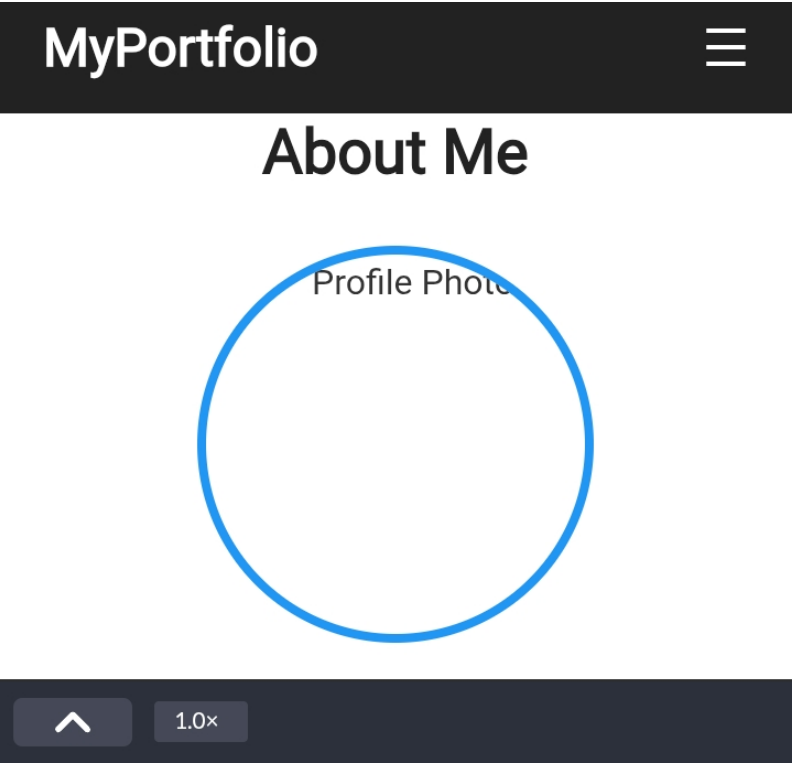

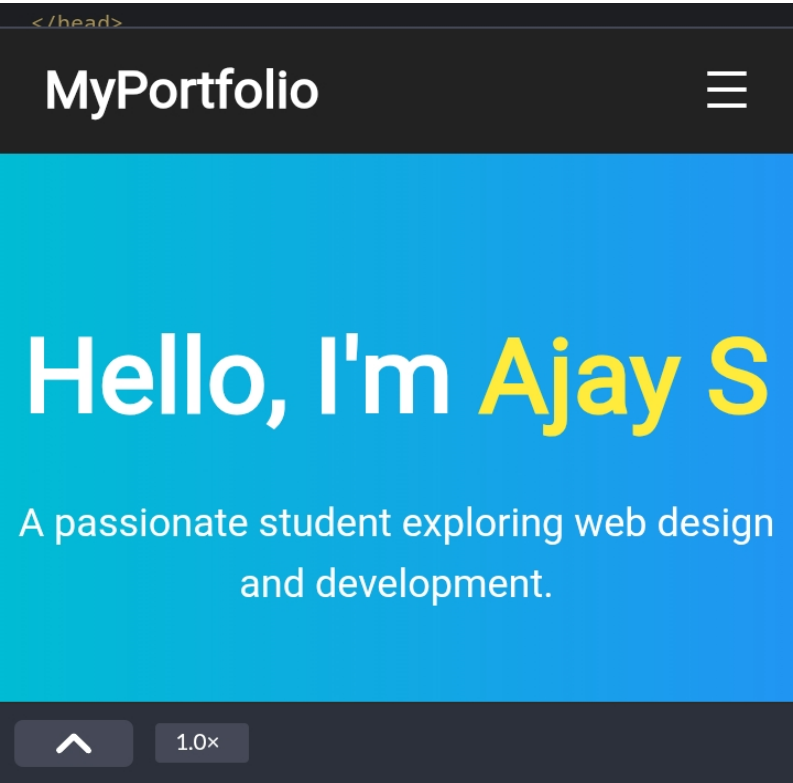

FEATURES AND FUNCTIONALITY

* Responsive design (works on mobile, tablet, and desktop).

* Easy navigation with a fixed header.* Project cards with hover effects.

* Contact form for direct communication.*

RESULTS AND SCREENSHOTS

CONCLUSION

This portfolio solves the problem of presenting skills and achievements in an organized manner. It serves as my digital identity, helping me connect with teachers, recruiters, and peers. The project gave me practical experience in *web design, structuring content, and improving presentation skills*.
